Peterborough High School

Computer Network Acceptable Use Agreement

Student: ____________________________ Home Group: __________

I have thoroughly read the acceptable use agreement and I understand my expectations and responsibilities in relation to using the school’s computer/printing network and internet/email access. I will protect my passwords and I am aware that breaches of the agreement in relation to my login accounts are my responsibility and will result in loss of access to network/internet services and may also result in consequences in line with School Behaviour Management procedures. I am responsible for costs associated with my internet and printing accounts and once my initial funds have been used, agree to keep these in a positive balance. I am aware of the cost prices for these services.

Student’s Signature: __________________________ Date: __________

Parent/Caregivers

I have read the acceptable use agreement and my child understands his/her responsibilities in using the computer network facilities. I consent to my child having internet and email access at Peterborough High School and I am aware of the cost prices for Internet and printing.
